Hitherto great complaint has been made that the quotas demanded of the county of New York have been excessive.

As all quotas are based upon the enrolment, it is evident that no relief can be expected except by a reduction of the enrolment to its proper standard.

Although appeals have hitherto been made to citizens to correct the enrolment, there has been little or no disposition shown by the public to discharge its duty in this particular. It is evident that this duty must be performed by the public its authorities, or it will not be performed at all.

By consent of the War Department and the advice of the Governor, the New York County Committee on Volunteering has dete mixed to undertake the herculean labor of correcting the enrolment of the county.

To means will be sparred to make this correction thorough and satisfactory both to the people and the government.

Our only object is to correct the enrolment and place it at proper standard, and every citizen owes it alike to himself and his neighbor to assist in this work.

In addition to other means which will be brought into requisition for the accomplishment of this object, a complete copy of the existing enrolment of each ward or election district will be printed and furnished to every enrolled citizen of the ward or election district.

This will prevent the excuse which so many who are exempt have made that they did not know they were en-

olled, and neare the form the roll.

It will also afford the opportunity for every man enrolled onese whether or not his neighbor is enrolled, and enabling to recure that those liable and not enrolled shall be put.

Every person enrolled is requested to aid in the gigantic labor which we have undertaken, by complying with the following conditions:—

III. Whenever a beam appears which is known to be fictitions, or any one is aware that the person indicated is not a resident as described, notice should be given at the Provost Marshal's office that the name may be stricken from the roll.

IV. Whenever cause of exemption exists, for any reason, notice should be given to the Provost Marshal of the district by the exempt person binnelf, that the name may be stricken from the roll.

The following are the causes of exemption:—

9. Having served two years in the army or navy during the present war and been honorably discharged.
1n addition to this, so far as possible, every enrelled man will be waited upon personally by authorized agents, deputed to assocratian the hisblity of all enrolled men, to have those improperly carolied taken oft, and to add those not on, but who should be carolied.
As this is an effort to correct and not increase the enrollement, it is to the internat of every person to give correct and true answers to any and all questions which may be put to them, and all persons decining to answer, or giving false answers, render teamselves lights to arrest and imprisonment.

This is probably the last attempt which will be made to escare a correct enrolment of the county of New York. To be

successful, the co-operation of every resideat of this city and

The government officials have evinced a disposition to
